Thanks. Looks good. I just made one edit to

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I also highlighted in yellow edits that we have made since David's last review (based on feedback from R4 plus your edit just now), so that he can see the changes easily. The idea would be that we would delete the yellow highlights before sending back up to the RA for transmission to FDEP.

I am also attaching the latest version of the Corps MOA, which also has a few additional edits from R4, highlighted in yellow for David's review. Can we send all of these to David together for a final review when you are ready? Do you want to do that? If you don't want to, I can.
